- Promotes social interaction
- Offers equal access to resources

PAMLICO COUNTY PUBLIC LIBRARY

## WHERE WILL THE NEW LIBRARY/COMMUNITY CENTER BE?

Your new library will incorporate the existing 'shell' of the old Hardee's building on Rte. 55 in Bayboro into a much larger plan that has been professionally designed to include all the space a growing community needs now and in the future.

## WHEN WILL CONSTRUCTION BEGIN?

Construction will begin when the necessary money has been raised. Phased progress may be possible as some funding goals are reached.

## WHERE CAN I SEE PLANS?

Stop by the library! A model of the planned exterior, as well as a blueprint of the interior layout is available for viewing any time during the library's standard opening hours. We'd love to see you!

## WHY DO YOU NEED A NEW LIBRARY/COMMUNITY CENTER?

The current space is insufficient to meet the growing needs of Pamlico County residents. Also, the 5-year lease with the high school does not allow us to improve the services a modern library needs to support a thriving community.

Ownership of a new, energy-efficient building will include space to expand our collections of books, movies, music, and digital media.

A beautiful auditorium will provide space for after-hours activities not possible in the current library.

Dedicated technology areas for instruction, experimental learning, innovation and training will help Pamlico residents prepare for new careers, share fresh ideas, and enhance life-long learning.
